

Why are we moving?

We would like to inform you about an important update to our online platforms that will make it easier for you to access product information and essential services.

What's Changing?

Starting in June 2025, product information currently available on the DBC Marine and SurvitecZodiac websites will be integrated into www.survitecgroup.com. This move will consolidate key product information into one location, improving navigation and support.

What to Expect:

Visits to the DBC Marine or SurvitecZodiac websites will redirect you to the Survitec website.

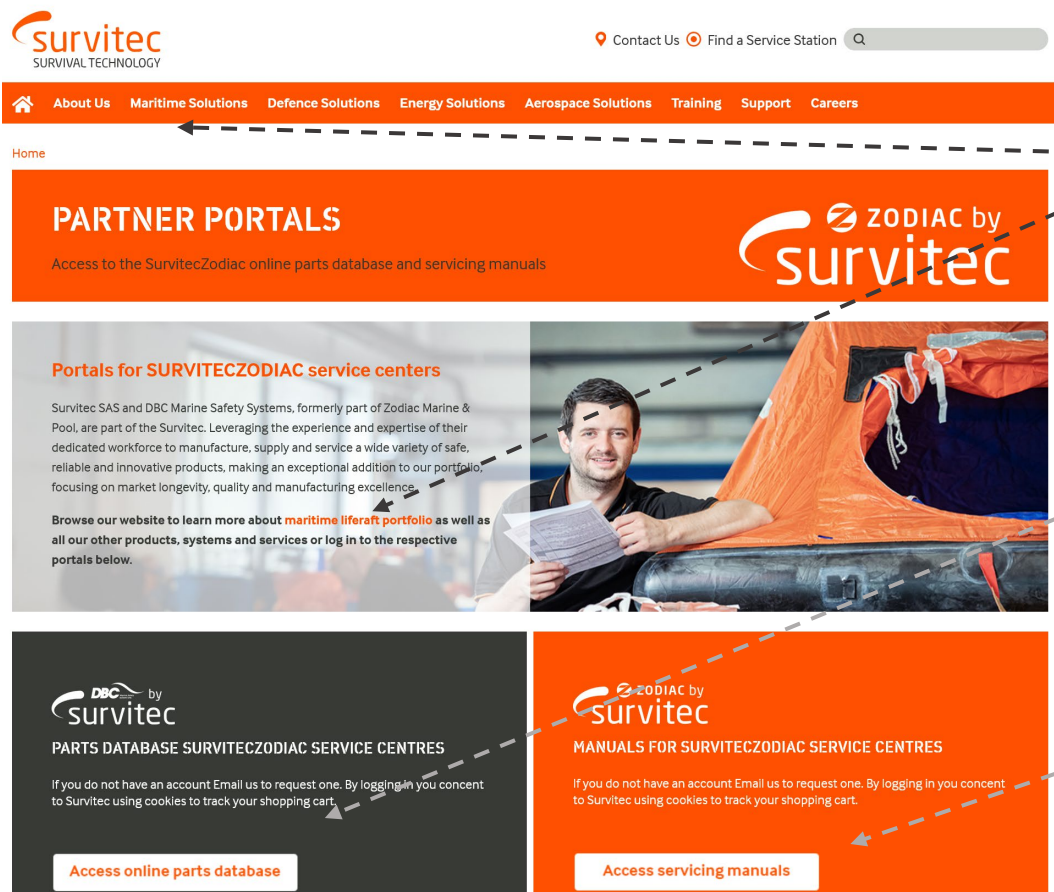

A dedicated landing page will guide you to the appropriate portals for spare parts orders and manual certificates.

Have Questions?

Please contact the team at vancouver.sales@survitecgroup.com

Where to find detailed information

A guide to where to find

Product information:

To access detailed information about our maritime liferaft portfolio, you can click the link provided in the introduction text. For an overview of our full range of products, systems, and services, kindly use the navigation menu located at the top of this page.

Online parts database:

To access the online parts database please click the button below. You will get directed to the login page of that portal.

Servicing manuals:

To access the servicing manuals please click the button below. You will get directed to the login page of that portal.

Throwover Liferrafts (example)

In addition to the product description, you will also find all relevant documentation associated with each product.

In the **Download** section you can find Datasheets, Brochures, Technical datasheets and drawings, MSDS' as well as Approvals that can be filtered by size, brand and regulation.
