

# PERSONAL FLOTATION DEVICE DONNING INSTRUCTIONS

## DELUXE FERRYBOAT/OFFSHORE PFD

Model 230RT - Adult Size, USCG Approval 160.055/212/0,  
USCG SOLAS Approval 160.155/205/0

USCG Approved  
Type I - Permanent  
Foam Flotation

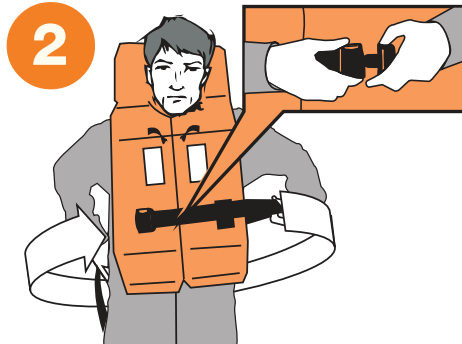

This Imperial personal flotation device is filled with a soft flexible permanent flotation foam. It is intended for persons of 43Kg (95 lbs) or more.

When worn properly it can save your life. Above all, be sure to remain calm and follow the simple steps listed below.

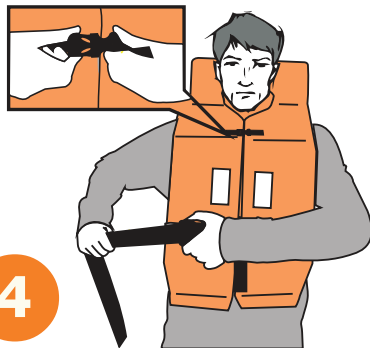

Don lifejacket by placing yoke over head and belt around body.

Connect buckle by pushing two parts firmly together.

Pull securing tape as tight as possible while holding the buckle.

For additional security fasten the top buckle where possible.

Tuck excess webbing behind jacket.

Hold lifejacket and nose firmly when jumping into the water.

**OUR MISSION IS YOUR SURVIVAL.**
