

JB01 CABINET

FIRE EXTINGUISHER CABINET ↓

Designed specifically for arduous environments, the JB01 Fire Extinguisher cabinet is in our range of GRP and Toughstore cabinets, ideal for storage of fire safety products.

Made from 3-4 mm nominal thickness GRP and enhanced by its nylon ball and socket catch, this cabinet exceeds all expectations for your safety needs.

FEATURES

- UNIQUELY LLOYDS REGISTER TYPE APPROVED
- AMERICAN BUREAU OF SHIPPING APPROVED
- 30 YEARS PROVEN TRACK RECORD
- IP56 RATED FOR EXCELLENT WEATHER PROTECTION
- ENGINEERED TO YOUR SPECIFICATION

Designed specifically for arduous environments.

JB01 CABINET

FIRE EXTINGUISHER CABINET ↓

The JB01 allows for the storage of either one 12 kg/12 L fire extinguisher or one 5 kg CO₂ extinguisher with a max height of 750 mm. These GRP cabinets have high resistance and durability to both weather and salt water as well as a good performance against UV rays, making these a low maintenance storage solution.

Our range of cabinets can also be customised to your exact specifications allowing you to have a bespoke solution for your application.
