## FIRE HOSE CABINET ↓

The JB02H allows for the storage of two 30 meter length fire hoses with pistol grip/water nozzles with an additional fitting of one stainless steel hose pin. These GRP cabinets have high resistance and durability to both weather and salt water as well as a good performance against UV rays, making these a low maintenance storage solution.

Our range of cabinets can also be customised to your exact specifications allowing you to have a bespoke solution for your application.
