

JB82 CABINET

FIRE EXTINGUISHER CABINET ↓

When the requirement for safe and high quality equipment in arduous environments is critical, the JB82 Fire Extinguisher Cabinet is the ideal solution.

Made from 3-4 mm nominal thickness GRP and enhanced by its nylon ball and socket catch, this cabinet exceeds all expectations for your safety needs.

FEATURES

- UNIQUELY LLOYDS REGISTER TYPE APPROVED
- AMERICAN BUREAU OF SHIPPING APPROVED
- 30 YEARS PROVEN TRACK RECORD
- IP56 RATED FOR EXCELLENT WEATHER PROTECTION
- ENGINEERED TO YOUR SPECIFICATION

Designed specifically for arduous environments.

JB82 CABINET

FIRE EXTINGUISHER CABINET ↓

The JB82 allows for the storage of 9-12 kg fire extinguisher, meeting the needs of most applications. These GRP cabinets have high resistance and durability to both weather and salt water as well as a good performance against UV rays, making these a low maintenance storage solution.

Our range of cabinets can also be customised to your exact specifications allowing you to have a bespoke solution for your application.
