

# FIRE BLANKET

PERSONAL FIRE PROTECTION ↓

Survitec offer a range of BSEN approved Fire Blankets, suitable for use on small fires on board your vessel. Both LPCB tested and BAFE approved these fire blankets are specifically designed to extinguish either a small fire or to wrap around a person to protect them in hazardous areas. The blanket enables the user to remove oxygen from a burning fire by smothering additional air that would continue to fuel the fire. It is recommended to replace the fire blankets every five years to ensure the best protection for you and your passengers in the event of small localised fires.

## FEATURES

- MANUFACTURED BY TWO LAYERS OF WOVEN GLASS FIBRE FABRIC WITH INNER LAYER OF FIRE RETARDANT FILM
- HANDLES THAT ARE EXTERNAL FROM THE INNER CASING ARE MADE OF BLUE FIRE-RETARDANT COTTON WEBBING
- LIGHTWEIGHT AND COMPACT SIZE MEANING EASE OF STORAGE ON BOARD YOUR VESSEL
