

# CREW ENDURANCE PLUS

## 5MM IMMERSION SUIT

Crewsaver immersion suits are fully approved to the current SOLAS MED regulations. They are made from 5mm fire retardant neoprene to provide good insulation and resistance to oil, sunlight and seawater. Quick and easy to put on, each is supplied in its own carry bag with donning instructions included. All seams are glued and blind-stitched to ensure they are totally waterproof. Critical areas are taped for additional reinforcement and the foot sole is reinforced.

### FEATURES

- 40MM NYLON LIFTING STROP HARNESS WITH STAINLESS STEEL D-RING
- 5 FINGER INTEGRAL LATEX GLOVE FOR INCREASED DEXTERITY
- ADDITIONAL OVER GLOVE FOR INCREASED INSULATION, CAN BE STOWED IN ITS OWN SLEEVE POCKET
- UNPACKED AND DONNED IN UNDER 2 MINUTES
- FIRE RETARDANT NEOPRENE CONSTRUCTION
- WATERPROOF ZIP AND MED/SOLAS APPROVED
- REFLECTIVE TAPE
- WITHSTANDS THE IMPACT OF A JUMP INTO WATER FROM 4.5M
- PREVENTS A TYPICAL WEARER'S CORE BODY TEMPERATURE FROM DROPPING BY MORE THAN 2°C AFTER SIX HOURS IN CALM WATER OF 0-2°C

Survitec Immersion suits are approved by many of the world's leading maritime authorities

# CREW ENDURANCE PLUS

5MM IMMERSION SUIT ↓

The face has a neoprene seal and, combined with a mouth and nose mask, it ensures a comfortable and secure body seal. Five fingered integral latex gloves provide great dexterity and for extra insulation an overglove is stowed in its own sleeve pocket. The suit also features a one-piece durable metal zip, for dependability. Ankle adjusters add to the secure and comfortable fit. We have also added further safety aids including SOLAS grade retro-reflective tape on head, chest, arms and back, plus a buddy line.

Survitec Immersion suits are approved by many of the world's leading maritime authorities and offer you exceptional properties for surviving cold water immersion even in Arctic conditions. They are fast to don with a large zip handle for easy closure and include pre-attached hood and gloves so you are prepared when you enter the water.
