

# CDLJ 290N LIFEJACKET

Provides maximum flexibility and protection

With **290N of buoyancy across a twin chamber design**, and the choice of Hammar or standard operating heads, the high level of buoyancy provides the added protection required for use with heavy work gear or extreme weather clothing.

## BENEFITS:

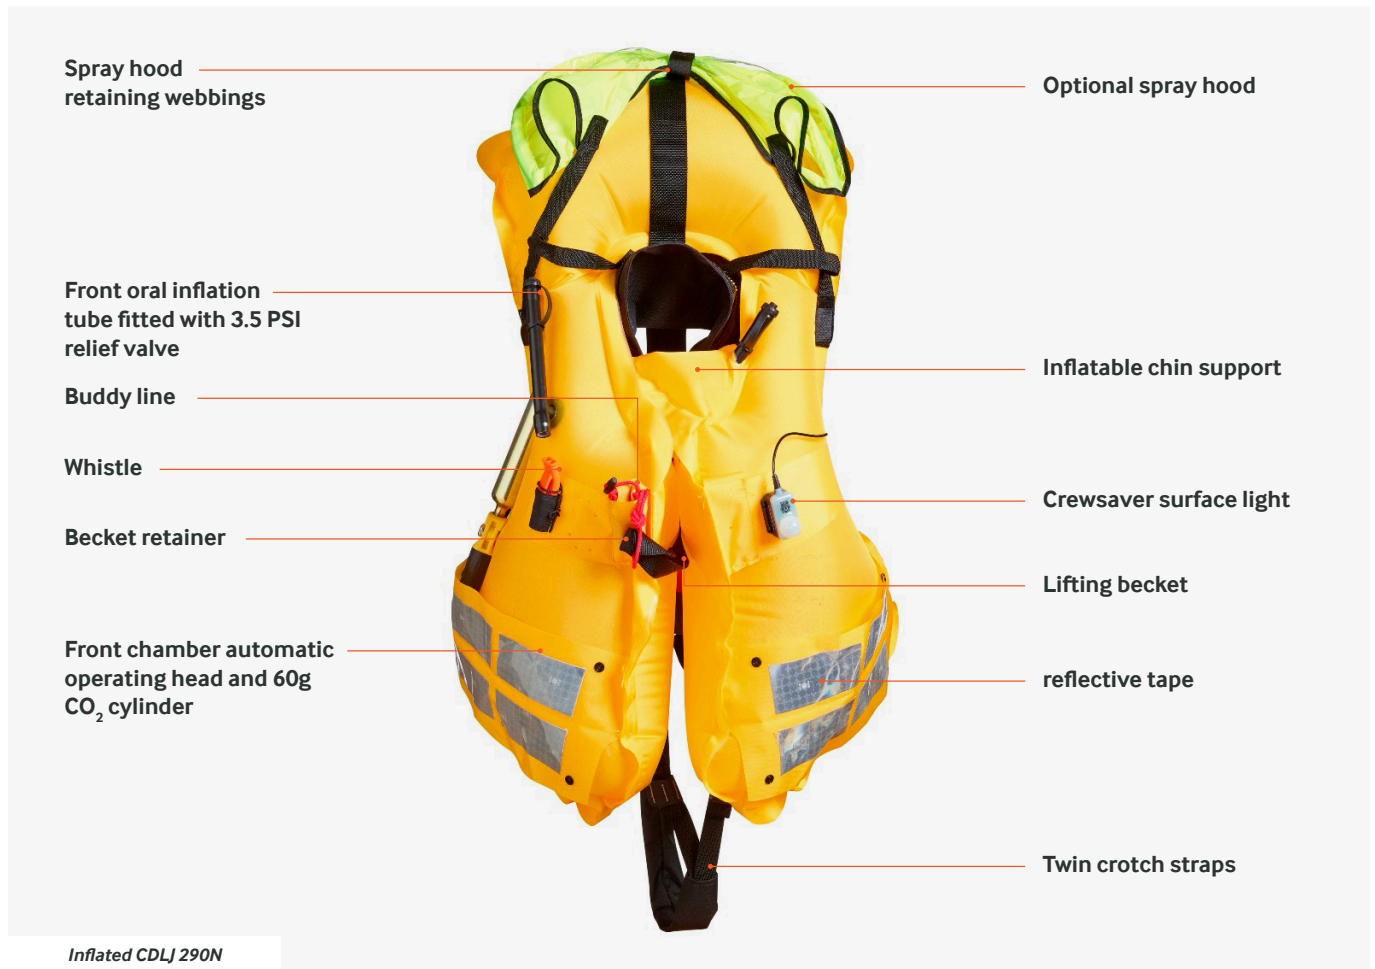

- ✓ Velcro and zip closure
- ✓ 2 x 60g cylinders on symmetrical inflation chambers
- ✓ UML MK5i standard automatic firing mechanisms
- ✓ 3.5 PSI relief valve to ensure full buoyancy during single or double chamber inflation
- ✓ Easy to don and comfortable
- ✓ Durable PU coated polyester cover
- ✓ Internal and external reflective tape which can be removed/covered up if required
- ✓ Velcro panels to assist with manual inflation

“ **A real best in class lifejacket, it exceeds the SOLAS 2010 regulations.** ”

WE EXIST TO  
PROTECT LIVES

# CDLJ 290N LIFEJACKET

Inflated CDLJ 290N

## TECHNICAL DATA

### CDLJ 290N LIFEJACKET

<b>Newtons</b>	290N
<b>Type</b>	Lifejacket
<b>Flotation</b>	A choice of Hammar or standard operating heads
<b>Chambers</b>	Twin
<b>Cover</b>	Durable PU coated polyester cover. The cover can be removed and replaced easily by the wearer without special tools. This means as well as being able to maintain and clean the jacket regularly, personnel can quickly tailor the lifejacket to the job at hand with, for example, a fire retardant cover.

## APPROVALS & ACCREDITATIONS

- ✓ Exceeds the SOLAS 2010 regulations according to MSC 81(70) as amended by MSC 200(80), MSC 207(81) and MSC 226(82), and is suitable for abandonment purposes.
