# GAS-PRO 5

## 5-GAS DETECTOR HAND-HELD UNIT

Continous monitoring throughout operation

**Your 4-gas detectors alone are no longer compliant and inspections won't wait.** Upgrade simply and at scale to protect every crew member while future-proofing your fleet. The Gas-Pro 5 adds $CO_2$ detection to a single-button, easy-to-use 5-gas solution.

## BENEFITS:

- ✓ Straightforward operation requiring minimal training, featuring intuitive interface and a backlit top mount for clear visibility in low-light or confined spaces
- ✓ Portable design allows the detector to be used as both a personal wearable and portable device
- ✓ Equipped with built-in pump and capable of operating in both pumped and diffusion mode, enabling pre-entry checks, remote sampling and ongoing atmospheric risk assessments in hazardous areas
- ✓ Water and dust resistant protection, explosion proof and UKCA MED approved for use in maritime environments
- ✓ Simplified maintenance management through automatic calibration and bump test reminders
- ✓ Built for long-term reliability, with comprehensive 3-year warranty and durable sensor technology designed for replacement in 3-year intervals

**"Making complex regulation easy to implement across your entire fleet"**

TRUSTED TO
PROTECT LIVES

# GAS PRO 5

## ORDERING INFORMATION

| Code | Product Name |
|---|---|
| PC-0022445 | Survitec Gas-Pro, 5 gas - CO, H2S, CH4, O2, CO2 (Pumped) + charger, no cradle |

## ACCESSORIES

| Code | Product Name |
|---|---|
| 778946 | Gas-Pro charger cradle |
| 656843 | Aspirator probe, telescopic - 1m |
| 656835 | Aspirator probe - 1m |
| 656819 | Aspirator hose - 10m |
| 656827 | Aspirator hose - 20m |
| 778942 | 30m standard tubing |
| 778948 | Gas-Pro + T4 USB comm cable |
| 778980 | Gas-Pro PC calibration flow plate |
| 656850 | Water trap for sampling hose |

## SPARES

| Code | Product Name |
|---|---|
| 778938 | Elbow tube insert to flow plate |
| 778944 | Gas-Pro flow plate - pumped unit |
| 778950 | Gas-Pro charging lead |
| 778952 | Gas-Pro multi-region power supply |
| 778954 | Gas-Pro multi-region power lead |

## SELF-SERVICE OFFER

| Code | Product Name |
|---|---|
| 778962 | Survitec Gas Pro Self -Service Offer<br>*(This is the DIY Kit includes; Software license, USB cable connector, calibration hose & Non Magnetic Flowplate)* |
| PC-0022483 | 5-Mix Calibration Gas 100 CO 15 H2S 2.2% CH4 18 OX 0.5% CO2 |
| 620013 | Regulator For Spangas |

## TECHNICAL DATA

| GAS-PRO 5 | |
|---|---|
| **Gases detected** | Carbon Dioxide, Carbon Monoxide, Hydrogen Sulphide, Oxygen, Methane |
| **Weight** | 333g 5 gas (11.7oz)/ 362g pumped (12.7oz) |
| **Size** | 43mm x 130mm x 84mm |
| **Battery** | Rechargeable Li-ion, >14hr (13 hours pumped operation) |
| **Ingress protection** | Independently tested to IP65 and IP67 |

### Offshore for longer? DIY for the next service

Traditional servicing models can create operational friction. With devices sent ashore for calibration, you are left with reduced detector availability onboard. Should you face any delays waiting for servicing and recertification, you face a compliance risk during your offshore operations. With MSC.581 (110), detectors must remain calibrated, compliant and continuously available.

### The Gas-Pro 5 self-service package

With need to be ready at all time, your solution needs to stay operational wherever the vessel is. Our self-service model ensures you can manage calibration and bump tests onboard, maintain compliance without relying on port access, and keeps detectors operational during extended deployments. We know that you need to reduce downtime, logistics, and servicing delays.

- ✓ Nominate a crew member to perform bump test and calibration. We can provide videos showing how to do these tests.
- ✓ Complete support packages. We supply the software, and spare parts
- ✓ Gas-Pro 5 electrically pumped unit is available with a comprehensive 3-year self-service package

## APPROVALS & ACCREDITATIONS

- ✓ MED DIRECTIVE 2014/90/EU
- ✓ UKCA MED (MSN1874)
- ✓ ATEX AND UKCA: II 2 G EX DB IA IIC T4 GB TAMB -20°C TO +55°C
