Certificate No: LR26241294TATC
Issue Date: 03/05/2026
Expiry Date: 02/05/2031

Certificate of Type Approval

This is to certify that the product detailed below will be accepted for compliance with the applicable Lloyd's Register Rules and Regulations and with the International Convention for the Safety of Life at Sea, (SOLAS), 1974, as amended, for use on ships and offshore installations classed with Lloyd's Register, and for use on ships and offshore installations when authorised by contracting governments to issue the relevant certificates, licences, permits etc.

Manufacturer	**Survitec Group Ltd.**
Address	Kingsway, Dunmurry, Belfast, Northern Ireland, BT17 9AF, United Kingdom
Type	Inflatable Buoyant Apparatus
Description	30 persons open reversible inflatable buoyant apparatus, packed in a rigid FRP container. Type: “Ferryman 30” (also known as "RFD ELLIOT", "RFD CREWSAVER", "SURVITEC", "SURVITEC ZODIAC", ”DBC” or "SSPI”)
Trade Name	“Ferryman 30” (also known as "RFD ELLIOT", "RFD CREWSAVER", "SURVITEC", "SURVITEC ZODIAC", ”DBC” or "SSPI”)
Specified Standard	TP 14475 E - Canadian Life-Saving Appliance Standard 46CFR subpart 160.010 IMO Res. MSC.81 (70), Part 1, as amended IMO Res. MSC.481(102)

This certificate is not valid for equipment, the design or manufacture of which has been varied or modified from the specimen tested. The manufacturer should notify Lloyd's Register Marine and Offshore India LLP of any modification or changes to the equipment in order to obtain a valid Certificate.

The attached Design Appraisal Document forms part of this certificate.

This certificate remains valid unless cancelled or revoked, provided the conditions in the attached Design Appraisal Document are complied with and the equipment remains satisfactory in service.

CONDITIONS OF CERTIFICATION

1. Maximum Stowage Height above water surface is 18 meters.
2. Marking and labelling of inflatable buoyant apparatus must be in accordance with the requirements of CFR 46 160.151-33, as well as IMO LSA Code, chapter IV/4.2.6.3 and 4.2.7.1.6, except that the device must be identified as an “INFLATABLE BUOYANT APPARATUS”, and no “SOLAS” markings shall be placed on the container of the apparatus. The capacity marking specified in IMO LSA Code, chapter IV/4.2.7.1.6 must be applied to the top of each buoyancy tube.
3. An instruction placard meeting the requirements of CFR 46 160.151-59(c), giving simple procedures and illustrations for inflating, launching, and boarding the inflatable buoyant apparatus, must be made available to the operator or master of each vessel on which the apparatus is to be carried. All instructions or markings that accompany this apparatus or are printed directly on the apparatus must be in both English and French, as per Canadian procedures

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.

for approval of life-saving appliances and fire safety systems, equipment and procedures. TP 14612E (11/2024) paragraph 2.2.1.3. However independent signage can be accepted in lieu of the instructions or marking required in 2.2.1.3 if it is in both English and French, highly visible (size, colour, posting location), water and weatherproof and posted at each muster station and where the appliance is stored.

4. The information contained in the nameplate shall be in English and French.
5. The inflatable buoyant apparatus is to be fitted with retro-reflective material in accordance with IMO Resolution MSC 481(102), as it may be amended.
6. Inflatable buoyant apparatus must be serviced periodically at approved servicing facilities in accordance with the applicable requirements of 46 CFR 160.151-35 through 46 CFR 160.151-57.
7. The approval of the inflatable buoyant apparatus covered by this certificate is valid only so long as the product remain approved by the United States Coast Guard.
8. Production inspections and tests for inflatable buoyant apparatus must be performed in accordance with the applicable requirements of 46 CFR 160.151-31.
9. All equipments in accordance with paragraph 12 of 46 CFR 160.010-3(a) shall be provided with the inflatable buoyant apparatus. Duplicate equipment must be provided, for each side of a reversible inflatable apparatus, if equipment is not accessible from both sides.
10. **Installation on board:** The on board arrangements and installation of the inflatable buoyant apparatus are not part of this design appraisal or certificate. All such arrangements are to be to the satisfaction of the Surveyors attending on board.
11. If the specified standards are amended during the validity of this certificate, the product is to be re-approved prior to it being supplied to vessels to which the amended standards apply.
12. Production items are to be manufactured in accordance with a quality control system which shall be maintained to ensure compliance with SOLAS Regulation III/5.
13. Production tests are to be conducted in accordance with the applicable requirements of IMO Resolution MSC.81 (70), Part 2 and each item, batch, or lot be delivered with an LR Certificate of SOLAS Production Testing issued by the attending LR Surveyors following their witness of the tests. This does not preclude any further testing to additional requirements of the Marine Administration of the country where the ship is registered (i.e. the flag state) or those acting on behalf of that Administration.
14. Should a change of Place of Production from that stated on the application form be required, i.e. where the stages of manufacture/assembly/testing of this product takes place, the new Place of Production is to be advised to us prior to the change taking place. This updated notification about the Place of Production is required for this Approval to be maintained.

Lloyd's Register Group Limited, its affiliates and subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as 'Lloyd's Register'. Lloyd's Register assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant Lloyd's Register entity for the provision of this information or advice and in that case any responsibility or liability is exclusively on the terms and conditions set out in that contract.
